27 February 2015

Dear Sir/Madam

**NOTIFICATION OF RECEIPT OF REVISED OR AMENDED PLANS FOR AN
APPLICATION FOR PROPOSED WORKS OR DEVELOPMENT**

You may have received a letter from the Council notifying you about an application for proposed works at the following address, and/or already written to us about the application.

Address:
32 Lawn Road
London
NW3 2XU

The Proposed Work: Erection of part 5, part 7 storey building comprising 73 flats (Class C3) (25x1, 33x2 and 15x3-bed) with associated amenity space and landscaping, following demolition of existing buildings containing car parking, employment floorspace and rooftop, and community centre.

The Council has now received revised plans which we wish to give you the opportunity to comment upon.

You can also view the revised plans on the Council's planning website, **Planning Online**, at www.camden.gov.uk/planning.

The proposal described above may not cover all the aspects of the application. The revised plans may show additional information.

INVESTOR IN PEOPLE

February 27, 2015

You may comment on any aspect of this application and not just the aspects that have been revised. If you wish to comment, please write to us at the address at the top of the letter or e-mail us at planning@camden.gov.uk within 14 days from the date of this letter to ensure that we can take your views into account. Please remember to quote the application number shown above. If you send your comments by e-mail, please also remember to include your full postal address as well. If your comments are received after the 14 day deadline then it may be too late for these to be taken into account before the application is determined.

Most applications are decided by officers under powers delegated to the Director of Environment. However, larger scale proposals, or cases where there are many people objecting, may be considered by the Committee itself. If you do make a comment and the application is to be decided by the Development Control Committee I will write to you before the meeting to give you the date, time and location and details of how you can make your views known to the committee.

If you do write to us we will tell you what that decision was once the decision has been made. We regret however that due to the large number of letters received in respect of many applications we cannot enter into a written correspondence in regard to questions or issues raised.

You should be aware that letters received in response to an application are public documents available for anyone to inspect, including the person making the application, either after the decision is made or if an appeal is received.

If you are not the owner of the property you occupy, please tell the owner about this letter.

Yours faithfully

Michael Cassidy

From 1 April 2013 we will publish all comments we receive about planning applications on our website. We will not publish your personal contact details. We will not acknowledge receipt of your comments but you can check your comments and others made by searching for the planning application reference at www.camden.gov.uk/planning.

~~I support this application (please state reasons below)~~

I object to the application (please state reasons below)

Your comments

Too big, the design is out of character in this area, Too many flats in over populated area, will give shadows to my building and my flat will be in the dark forever - Too Tall and too invasive building -

Please continue on extra sheets if you wish
