2015/1174/T	A Mayo	12A Hollycroft Avenue	19/03/2015 14:06:51	OBJ	<p>Rather than being felled, these trees should have Preservation Orders. They are important mature trees in a green corridor which is rapidly being degraded as a result of an increased number of tree feelings in rear gardens, with no real justification.</p> <p>This proposal is completely contrary to Camden's biodiversity goals and I hope it will be resisted.</p>
