2015/1473/T	Allan Mayo	12A Hollycroft Avenue London NW3 7QL	21/03/2015 22:32:35	OBJ	The area around Langland Gardens is severely lacking in trees. Trees act as an important filter of vehicle particulates from Finchely Road. This mature sycamore is also important for birdlife and should be subject to a Tree Preservation Order in order to afford protection. It is additionally important to the views from neighbouring properties and is a public good.
