We are object to this because  
We are 90-93 years old. one of  
US which is blind. and at this time  
in our lives do not need the upheaval.  
We are concerned that it will cause  
considerably damage to our property,  
worry about being over looked  
also as, only just becoming blind  
my wife will ~~not~~ need the added  
pressure of Noise nuisance and  
Access to our property with more  
traffic + parking issues in the street.
