2015/0965/P	Deborah Kessler	22 Tanza Road London NW3 2UB	25/03/2015 10:38:13	OBJEMAIL	I object to the planning application for a roof terrace on the side of this property. I live diagonally opposite this side of the property, on Tanza Road and this development would overlook my house and front garden. It is also: out of keeping with the roof of the property in a conservation area, will be visible from the roads of Parliament Hill and Tanza Road and is an over development of the property bearing in mind that a permission for a roof terrace has already been passed.
