**PLANNING APPLICATION: 2015/1032/L & 2015/0886/P. ADMIRAL'S LODGE
HAMPSTEAD**

Dear Sir,

I have written to by the neighbours of Mr Caspar Berendsen concerning the proposed alterations to Admiral's Lodge, Hampstead, his place of residence.

Mr Berendsen was my neighbour until recently and during his time here he carried out alterations to his home. He did so with the utmost consideration to his neighbours and the work was carried out in a professional manner. The end product was much to the improvement of the house and road. I have no doubt that whatever is proposed for Admiral's Lodge will follow the same principle. He will be acutely aware of the historic significance of the building.

I, therefore, would not object to what is being proposed.

Yours faithfully

Dear Sir,
I could hardly believe
that you would consider a
planning application for such
an historic grade II listed
building. What sort of council
considers it? Is it a case of
the best council that money can buy
I know how to vote if this
is even considered.

Yours Faithfully
June Brett
