Your comments on the planning application 1) I support the application for the conversion of the Mews House flat roof into a terrace. It is important that the Council:

- i) supports the establishment of housing stock with outside space as it is vital to the mental health and well-being of residents
- ii) ensure that there are enough homes for families in the Borough, a four bedroom house is more desirable for a family with outside space
- iii) provide the infrastructure to encourage greenery to support nature - plants and flowers will support insects and

birds

iv) further, any noise created by the terrace development, pales into insignificance with the drunken noise that emanates from the Pineapple Pub garden which has recently been granted an extension to opening/serving hours

2) I make the following comments on the proposed sun room:

i) the elevation is high (2,500mm) - this will obstruct sightlines south

ii) the overall 'footprint' of the sun room is large - a similar outcome could be derived from a smaller construction

iii) I would have preferred for a design that placed any sun room toward the party wall of the 'industrial' coachworks (south) - this the most sensible place as the rear wall of the Mews expands the further south you go
