2015/1312/P	Valerie Solti	51 Elsworthy Road NW3 3BS	27/03/2015 14:01:42	COMMNT	I have no objection to this good proposal providing the work is carried out with a minimum of disturbance and adequate warning signs are provided by the contractor to warn motorists of HGVs parked on the bend in the road. The present contractor Sobart working at 53A & B Elsworthy Road has still failed to place cones and/or traffic lights to warn motorists of possible obstructions ahead.
