Description by applicants states: "including retention of existing Public House" Therefore floor space has to remain the same and the Admiral Mann reopen as a social and drinking venue. Oxford Dictionary gives meaning of Retain as: Not to abolish or alter; maintain. The Admiral Mann was and is part of the social history and fabric of the area and brings in a wealth of people to surrounding shopping area. A place where one would meet up and always feel welcome. A definitive somewhere to have a drink, play darts or just read a book. This is a community venue well valued as everyman's and women's pub. Communities add up to make London. Don't strip the heart out our area.
