Informative(s):

- 1 Reason for granting:

Camden Planning Guidance (CPG1) clearly states that banner advertisements in some commercial areas may be considered a suitable form of display. Within conservation area and on or near listed buildings proposals must safeguard the character and appearance of these areas and the setting of listed buildings.

The proposal has been amended during the course of the application to remove banners which would impact on the setting of listed buildings. It is considered that the banners would be subordinate to the street furniture they are to be erected upon, appropriate in terms of size, design and location and would therefore conserve and enhance the character and appearance of the conservation area and the setting of the adjacent listed buildings.

Steps have been taken to ensure that the chosen locations for the banners are not to interfere with the CCTV cameras in situ within High Holborn.

The proposal will not impact on the neighbours' amenity nor would it be harmful to either pedestrian or vehicular safety.

The site's planning history and relevant appeals have been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area and special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5, CS14 and CS17 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56 -67, 126 -141 of the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
