

Re: Appeal ref: APP/X5210/Z/15/3005105 - Pizza Express, 194a Haverstock Hill, LONDON, NW3 2AJ

Short statement in response to Grounds of Appeal H where the appellant is stating that *"We are seeking an appeal for retention of 3 glazed windbreaks mounted on metal posts that have been in situ for almost 5 years without any complaints from the public/highways/Council that we are aware of. This date is approximate and could be longer."*

View taken from BingMap dated 2014 showing the forecourt of 194 Haverstock Hill with planters only. There are no glazed windbreaks fixed to metal poles and/or lamp posts all bolted to the ground. Therefore the Appellant's claim that *the glazed windbreaks have been in situ for almost 5 years and could be longer* is incorrect.

See screen shot below showing the forecourt of 194 Haverstock Hill dated 2014 in the bottom left hand corner.
