

23/3/15.

Mr R Brown.

AUSTIN FRUIT&VEG
396 YORK WAY N7 9LW

Dear Madam/Sirs

I am writing to put forward my objection to plan 2015/0906/r

I am a local greengrocer and have run my business at the above address since February 2003, I was also a regular customer at the Admiral Mann so you can imagine how shocked and disgusted I was at the way this Public house was taken from our Community, Over the years I have made some very good friends who in turn became good customers of myself. I used to deliver fruit + veg to the Admiral Mann, and also to some of the elderly customers who couldn't carry heavy bags from my shop. Most of the elderly customers are no longer seen as they have nowhere to go in the evenings since the Admiral Mann closed. There are no other Public Houses in this area that cater for them, where they felt safe in a warm friendly environment, the Admiral Mann was a fantastic community Pub with music on Saturdays, Ladies Darts on Tuesdays Mens darts Thursday with an A and B team Local. Ladies football team would meet after training and football matches this viable business has been sold to line some property developers pockets and has broken this community. I myself have family in Wales - Devon - Essex - Yorkshire, who have all come to know the Admiral Mann, when they have visited

Me on birthdays and other occasions, they talk about
the nights spend in there how many laughs we had.
If flats are to be built above who would want to
buy a flat above a bar with people talking smoking
below ~~their~~ windows in the street. It would never
be the same Community bar, as it was as the
Admiral Mann. So I am asking the planning
committee to turn down this Application and
Give us our Admiral Mann back to the Community

Yours Robert Brown
