Your comments on the planning application

I live on the 9th floor of Winter Garden House. I am already subject to noise pollution from the Drury Club at 167 Drury Lane. Revellers scream and shout at night which wakes me up. This has been going on for many months.

I am very concerned at the proposals for three air condition units at the New London Theatre. This will inevitably create loud humming especially for the upper floors fo the tower block. I am concerned that the proposed accoustic enclosure will not remove all of the additional noise pollution because it will need air to circulate.
