2015/1358/P	Janice	95 Redington Road	03/04/2015 10:37:00	OBJ	Dear Sirs This whole scheme is nonsense. This project of dams for the Heath ponds is unnecessary. We can only hope that the next government and its ministers have more sense. Thank you for reading these comments
2015/1358/P	Anne Williams	32 Belsize Park Gardens	03/04/2015 09:46:18	OBJ	I object to the pond walls which are far too big and will spoil the look of the ponds. Alternative 'experts' can be found who will confirm they are unnecessary. The ponds have not required these walls for the last over 100 years. Even if some strengthening is required it should be engineered to be below ground. They are ponds not dams.
