2015/0906/P	Katrin O'Hara	2 C North Villas London NW1 9 BJ	07/04/2015 13:33:37	OBJ	This is an objection to plan 2015/0906/P on the grounds that there will be a considerable loss of an Asset of Community Value pub since there will be a 40% loss of space because of demolition to build flats. There won't be space to accommodate our friends and families, some of which have special needs and there won't be sufficient space for access, especially toilets and the pub would not be able to hold functions, such as wakes, christenings, anniversaries and birthdays due to the close proximity to neighbouring flats and the obvious noise issues that will occur. So the pub would not be including the whole community but excluding a vast section of the local population, therefore discriminating against those and isolating many of us.
