9 April 2015

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
1 Inkerman Road
London
NW5 3BS

Proposal:
Erection of a 2 storey rear extension replacement existing extension
Drawing Nos: 417.12/PL/01, 417.12/PL/02B.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing (original) building, unless

otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 417.12/PL/01, 417.12/PL/02B.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed part double, part single storey rear extension is subordinate in scale and location to the host building, and respects the character and setting of the neighbouring buildings.

The ground level depth of the proposal will be reasonably consistent with the established building line. At upper level, the proposal will project 1.6m further than existing. The development will cause some additional harm in terms of visual bulk and scale, however the extension will not be highly visible from the public realm. It is also noted that the Conservation Area includes similar small scale double storey rear extensions in close proximity whilst Inkerman Road is not characterised by uniform rear elevations.

The proposal will use matching brick to the host building (replacing the current contrasting brickwork) and has a small footprint, which is considered to compensate for the additional upper level depth.

The proposed extension's size and location will not detrimentally harm the amenity of any adjoining residential occupiers in terms of the loss of natural light, outlook, privacy, light spill or added sense of enclosure. In particular, the area of the upper level extension has a reasonable setback to the neighbouring properties at Willes Road.

No formal objections have been received following statutory notification (including the consultation of 10 neighbours). Comments received with regards to noise and dusts associated with the development are considered capable of being managed through building regulations. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Inkerman Conservation Area in accordance with s.72 (CA's) of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, and 56 -66 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
