2015/0954/P	SUSAN ROSE CHAIR HIGHGATE CAAC	HEATH WINDS N6 6NA	08/04/2015 12:02:32	COMMNT	Highgate CAAC wishes to object to this proposal because of the effect on the facade of a listed building and also the unsuitability of the proposals in the context of the main portion of the Old Hall. The current iron railings protection the area of 1 the Old Hall blend very well with the handsome iron gates on the street frontages of both no 1 and the main part of Old Hall. These are entirely appropriate to a grade 2* listed building. The concrete planters and glass balustrade suggested belong to an entirely different design vocabulary and are detrimental to the character of no 1 and will harm the CA. The changes to the coal cellars proposed can take place without this harmful change to a very important group of buildings.
