Dear Mr Gentet

Whilst there does not appear to be any facility for commenting on this application, I should like it noted that this is an application I support.

As you will note from my address, I live alongside the development, on the other side of Platt's Lane - and am also involved with it by virtue of being a member of the Hampstead Conservation Area Advisory Committee and the Barratt Construction Management Liaison Group - and thought that the banners were a very pleasant addition to the site, and was rather sorry to see that they had been taken down.

Yours sincerely

David Sumray
