Dear Sir/Madam

I wish to object to your proposed tree work at 63 Belsize Park Gdns NW3 4JN, of which I received no written notification.

I am the tenant of the garden flat (63A) and object strongly to the proposed felling of the willow tree. This was planted by my late wife. It acts as a barrier between my small garden space and the rest of the garden, which is used by others.

Though it may need pruning, its loss would represent both a sentimental and physical loss, and also lead to a loss of privacy as my flat faces directly on to the garden.

Yours sincerely

Prof Lewis Wolpert
