3. Description of the Proposal

Please describe the proposed development including any change of use:

We would like to renovate our front garden. Currently our front wall which is a single thickness of brick threatens to fall into the pavement in front, the steps up the garden are irregular sized and too high, the crazy paving is blemished by concrete left by builders, the concrete driveway is broken and lifting and is a fall hazard, our area for waster bin storage is inadequate and waste bins are exposed, the lighting is poor which is a night-time security hazard.

We would like to demolish the existing wall and replace it with reclaimed brick topped by iron railings in keeping with the renovated gardens on either side of us (Wellside and no. 4), to alter the entrance to eliminate steps and make the property accessible, to replace the crazy paving and broken concrete driveway with permeably-laid York stone and cobbles, to better hide the rubbish bins in the side garden wall and to upgrade the lighting.

Has the building, work or change of use already started? Yes No
