Dear Richard,

As you know, there is huge demand for new school places in Camden. That is why I would urge you to support the proposals by St Anthony's School to open a new school next door to its existing site at 3 Arkwright Road in Hampstead. This would allow people living in the borough to have the benefit of 140 new school places and a nursery without all of the disruption of building an entirely new school.

I hope you will take my comments into account.

Yours sincerely,

CC Olivier Nelson, Planning, Camden Council
