2015/1745/P	Erik Carlson	87 Ravenshaw St NW6 1NP	14/04/2015 00:01:54	SUPC	I support this conversion to two flats and the new roof terrace on the condition that there is a lasting (passes between owners) limit to the maximum height of any item built, placed, planted or grown on the roof terrace. This is in order to protect my light. I have discussed this with my neighbour Sue and she agrees, but we do not know where said condition could be recorded in such a way that it would survive any future sale or rental.
