Dear Sir/Madam,

**Re: 29 Cotleigh Road, London. NW6 2NL –
Discharge of Condition 4 of Planning Ref- 2014/4409/P**

Please find attached further details with regards to the proposed screening to the 2nd floor terrace at 29 Cotleigh Road.

We have proposed a bamboo reeded screening at 1.7m high. There are currently a number of terraces in the locality, all of which have standard height timber balustrading and guarding of 1100mm high. We therefore propose to install an identical timber balustrade with inset reeded bamboo screen that allows no through vision to the perimeter of the terrace.

Yours Sincerely,

TM Developments Ltd
