

Dear Tree planning officer,

Re: 29 Compayne Gardens, London, NW6 3DD

We're are looking to remove 3 trees located in our private rear garden.
As the property lies within the conservation area, it is our understanding that trees are protected and therefore require permission to remove them.

Please find enclosed a site map with the location of all of the rear garden trees together with photos of the trees we wish to remove.

They are as follows:

- a. cherry
- d. fruit tree
- e. holly

Please see site plan enclosed for locations.

Further down the garden there is another much taller holly tree (c) and a chestnut (b). This will remain untouched.

We could plant replacement trees if you think necessary. If so what species of new trees would you recommend?

Kind Regards
Ines Rafael
