The proposed change from a window to French doors on the first floor rear elevation of the flat are considered to be in keeping with the scale and location of the host building. The proposed French doors would be extremely similar to the French doors on the neighbouring property set behind the existing Juliet balcony. The windows would be timber and painted white matching the existing and neighbouring properties. The neighbouring amenity is not considered to be detrimentally impacted by the proposed changes.

Neighbouring occupiers were consulted on the application. No objections have been received prior to making this decision.

The site's planning history and relevant appeal decisions were taken into account when coming to this decision. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (EER) 2013.

As such, the proposed development is in general accordance with policy CS5 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan March 2015, consolidated with alterations since 2011; and paragraphs 14, 17, 56-66 and 125-141 of the National Planning Policy Framework.
