LOUISE MCNEILL

Dear Sir/Madam,

re: PLANNING PERMISSION GRANTED
YOUR REF: 2008/3322/P

I write in relation to the existing planning permission granted on the 16th January 2009 and re-extended until the 12th April 2015. I would be pleased to have your permission again.

I have been in touch with one of your officers, Fiona Davies who has been most helpful. Fiona explained that you no longer extend planning permissions and that I would have to re-apply, hence this form. I hope that I have completed it as suitable to you.

I advised Fiona that I do not have a copy of the previously submitted and granted plans/drawings as they are packed away in storage in London and she said that was OK as you would be able to refer to those documents on your system. She also advised that I would be able to print these out for myself, but unfortunately your Simden Portal System would not allow me to do this (as otherwise I would be able to attach these for you).

I apologise for not being able to submit the required copies of the plans/drawings and trust that you can refer to the previously attached plans/drawings, as Fiona advised. Thank you in advance for your assistance.

I also completed a Section 27 (from memory, I think that was it) and I would be happy to give up the current car space(s) in order for this planning to again be approved.

I can be contacted directly on (01753) 810109 to discuss or to the time difference (your morning is our evening) please feel free to contact me via email. louise.mcneill@47mail.com. Thank you for your application! Louise McNeill
