2015/1243/P	Luisa Fabbian	Top Floor Flat 52 Gloucester Avenue London NW1 8JD	24/04/2015 17:34:20	OBJ	I would like to object to this planning application for the following reasons:

I would like to object to this planning application for the following reasons:

1. Height of the proposed new buildings will cause intense incovenience in terms of privacy, sunlight and view to the adjoining properties at Sunny Mews and Gloucester Avenue.

2. Submitted Daylight and Sunlight report seems not to consider any of the properties affected by the erection of the two new 5 storey buildings.

3. Development not in line with existing Primrose Hill CA ideals and does not respect the area in any way.

4. Substantial increase in traffic and associated discomfort and road safety concerns to existing neighbours in the community.

5. Likely substantial increase in demand for street parking in what is already a difficult area to park in.

6. The presence of a "towering" 5 storey building will have considerable negative impact to existing property values (all while advantaging the developer of the proposed site).
