The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

Informative(s):

1 Reasons for granting listed building consent.

The retention of the internal works to the existing flats at No 60 Huntley Street is acceptable since the works carried out are sympathetic to and in keeping with the listed building and therefore would preserve the special architectural and historic interest of the building.

The site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas Act) 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such the proposed development is in general accordance with the London Borough of Camden Local Development Framework Core Strategy, with particular regard to policy CS14 (Promoting high quality places and conserving our heritage); and the London Borough of Camden Local Development Framework Development Policies, with particular regard to policy DP25 (Conserving Camden's heritage). The proposed work also accords with The London Plan March 2015, consolidated with alterations since 2011 and paragraphs 14,17 and 126 -141 of the National Planning Policy Framework.
