Dear Sir,

RE: PROPOSED TELECOMMUNICATIONS BASE STATION AT CTIL_148394 – HAMPSTEAD STATION, HAMPSTEAD HIGH STREET, LONDON, NW3 1DL (NGR: 526390, 185776)

This is a full planning application, and notice in accordance with the electronic communications code under the Telecommunications Act 1984 Schedule 2 as amended by the Communications Act 2003, for permission for the development of:

The construction of 2 no. GRP chimneys enclosing a total of 7 no. antennas and 4 no. dish antennas, the installation of 7 no. radio equipment cabinets on the main roof level and development works ancillary thereto at Hampstead Station, Hampstead High Street, London (NGR: 526390, 185776).

Telefónica UK Limited (trading in the UK as O2) has entered into an agreement with Vodafone Limited pursuant to which the two companies plan to jointly operate and manage a single network grid across the UK. These arrangements will be overseen by Cornerstone Telecommunications Infrastructure Ltd (CTIL) which is a joint venture company owned by Telefónica UK Limited and Vodafone Limited.

This agreement allows both organisations to:

- pool their basic network infrastructure, while running two, independent, nationwide networks;
- maximise opportunities to consolidate the number of base stations;
- significantly reduce the environmental impact of network development.
