Subject: Camden Ref 2015/1281/P UCLH Phase 5, Capper Street&Huntley StWC1

I am writing to object and make formal complaints on issues as below:

- 1.The size of building too high hence light blocked
- 2.Daylight Overlooking & Appearance - loss of light privacy due to roof garden
- 3.The basement level too deep, if this can be modified
- 4.Noise of night delivery and air conditioning
- 5 Extra air pollution that will be caused by work carried out
