

Subject: "New" Charlie Ratchford Centre proposal

Good morning all

As a follow up of this outrageous proposal of the "new"Charlie Ratchford Centre with the extra care units on top next to Haverstock School, I would like to report that, right now, there are a lot of loud noises, screams and "fun" from pupils playing on the football pitch used by Haverstock School, as usual, which would be detrimental on vulnerable elderly people who would be dumped there, 24/7. My windows are closed but it is still unbearable!

If any of you who do not live here, are around, please come and see by yourselves!

Kind regards  
Fabienne
