Your comments on the planning application: I object to changing from leisure use. The young people locally need leisure space including wildlife/nature conservation areas. There is a known need for allotment space in Camden. There is also need for outdoor craft and repair areas - short-term areas/workshops for reuse/recycling work. An outdoor gym particularly suited to older people and linked to the Highgate Newtown community centre is needed. All these would mean retaining leisure use for those who live in local flats and have little outdoor space. I also object to the lack of research in the plans which suggest digging out basements in a patch which looks as if it has an old water course and old rights of way through it
