Dear Neighbors,

Re: Security issues

We are writing to seek your cooperation in requesting that our landlord take action to improve the security and the living conditions of this building.

As you are aware, the entrance of the flats are often used by people and individuals who do not live here, which causes a number of problems. These people range from rough sleepers and residents from Arlington shelter, to gangs of kids, and customers of the pub next door.

This results in noisy and antisocial behavior often into the early hours of the morning, considerable amounts of litter and detritus discarded in the entrance, and on occasion verbal abuse and or threats of violence towards tenants when challenged on their behavior.

Therefore, we would like to have a tenants meeting with our landlord to request immediate action to prevent further repetition of the incidents outlined above and discuss how to improve the security and environment of the building (i.e. the installation of a gate).

If you agree and do not mind to spare some of your time, it would be greatly appreciated if you could sign below with your name and flat number and put in our letter box which is located on the side of this building or place under our door in the basement.

This letter will then be included with all the replies from the other tenants and attached to a cover letter requesting a meeting with the landlord.

Thank you for your understanding and cooperation.

Kind regards,

Alexander Yiannopoulos & Aya Miyagawa (#16)
