The gentleman concerned with this planning application, visited Henderson house recently. All the tenants were invited to an open meeting. He was accompanied by his team of builders and architects. We were shown the views of the layout planned and we were given plenty of time to ask questions and also to meet with them if so required after the meeting.

Although the actual work will not directly affect me I have no objection at all to the work going ahead.

As the officials present took all explained the matter carefully I did not sense any great objections from those tenants who were present.
