Dear Sir/Madam,

I have been away and have only just ^{had} your letter
of 10th April regarding works on trees in Andem
place.

I hope that one of the trees you are referring to
is the large one in the middle of Calvert Street,
which is uprooting the pavement, blocking
every one's light and only houses for geese that
mess everywhere.

I would be grateful if you did something
about it.

Yours.
