2015/2089/P	Paul Woolf	Air Studios Lyndhurst Hall Lyndhurst Road London NW3 5NG	07/05/2015 14:02:41	OBJ	We operate Air Studios and we absolutely object to the proposed plans. There is well known risk in basement digging. We read of a sub-basement which is even worse. The premises we occupy are Grade 2 listed and are of Heritage value and nothing should be allowed that may have any risk attached to it. We also need to engage our advisers to fully reply as we only received your letter of 10th April on 6th May.
