2015/2128/P	Otti Vogt	16 Crossfield Rd	11/05/2015 11:57:33	OBJ	<p>Unfortunately i am not in support of this application, for the following three reasons -</p> <p>Firstly, we - the immediate neighbours - have already supported over six months of continuous noise and disruption which has made the normal usage of our flats almost impossible.</p> <p>Secondly, the construction company has, in spite of several written complaints - see also our separate note to the Council -, continued to work and cause significant noise outside the agreed hours. This is not acceptable.</p> <p>Thirdly, the proposed extensive transformation of the back garden would significantly alter the landscape and jeopardise the architectural integrity of the area.</p> <p>In addition it should be noted that works in the garden space very apparently have already commenced in spite of the pending application. This is very surprising as not covered by the original permission as far as i recall?</p>
