2015/2242/P	Mrs D Wright	17 St Christophers House Bridgeway Street London NW1 1QR	05/05/2015 08:32:34	SUPNOT	I am writing in support of the proposed new windows. As a resident in St Christophers, who happens to be 82 years of age. I find the current windows impossible to clean and also all the paint etc falls off. They are not in keeping with the rest of the estate and are outdated and dangerous and certainly not cost effective, where heating is concerned and in some cases not water proof. I totally support this application for change.
2015/2242/P	Mrs C Khan	46 St Nicholas Flats Werrington Street London NW1 1PT	05/05/2015 08:25:55	SUPNOT	I am writing in support of the proposed new windows. The current windows in the 3 blocks are no longer safe and are not in keeping with the rest of the estate. Some are so far beyond repair, people cannot even open them. They are also a danger to clean. They also let all the drafts in and cause condensation.
2015/2242/P	Miss J Newman	28 St Francis House Bridgeway Street NW1 1QT	10/05/2015 20:49:55	SUPPEMPE R	I understood that planning permission had already been given for the replacement to St Francis House. I am concerned that there will now be further delay to St Francis House getting new windows. We still have the original 1930's crittal windows, which are now not fit for purpose, and I cannot face another winter without proper insulation..
