Dear Sir/Madam

I own the Flat below 18B we are the only two flats which use the same communal entrance and stair well!

I notice from the plans to convert the attic of the building and to continue the existing stairwell from the landing of the second floor up another floor into the attic. I am very concerned as the proposed plan makes no provision for the

impact of the loss of light this will have on my landing and indeed into my flat as there is a window on my landing which allows light from the main windows of the side of the building into my flat! This stairwell development will compromise the light that I now enjoy! The large houses in Wedderburn Road were originally and cleverly designed to incorporate large buildings with maximum light, this additional stair inclusion will dramatically reduce light which presently floods through from the main side window.
There are alternative designs which would reduce this impact!

Yours Sincerely
