Your comments on the planning application

I am owner of one of the flat of neighbouring building. I was very sad to read about the application to remove the trees in question. South Hampstead conservation area is a very beautiful neighbourwood for the architecture of the buildings as well for the abundance of the greenery present in the front and back gardens. These are key reasons which make Compayne gardens such a desirable area to live in and as property owners it is our duty to preserve this heritage. Moreover these trees specifically allow to maintain a significant level of separation and privacy between the neighbouring building.
