Your comments on the planning application

The new application still does not satisfy my objections to the previous one. I object to this application on the following grounds:

1/ The garden of my house is already tiny and hemmed in by a commercial garage. The blank wall on the side of the proposed extension would loom over and dominate my garden

2/ The proposed extension would further restrict the light into my garden

### Planning Application Details

3/ There would be a loss of green space, already in short supply in this environment

4/ there would be a dead space between the boundary wall and the proposed extension, quite likely a source of weeds and unpleasant growth

5/ Extra weight on the ground might cause subsidence

6/ This is a conservation area and this part has already been fairly extensively developed, with rear extensions on my property and on No 9, plus a garage which has cut off my garden and to a lesser extent the garden of No 9. It's about time development in this area was terminated.
