Conclusion:

- As noted above there is no objection in principle to the proposed roof extension to include all six individual houses subject to a section 106 legal agreement requiring them to be built simultaneously so that there is a consistent approach at roof level and prevents a single extension which would disrupt the roofscape.
- There is no objection in detail to the proposed roof extension subject to acceptable design and use of materials in compliance with LDF policies and CPG roof extension guidelines and resolution of concerns raised above.
- There is no objection in principle to the erection of single-storey extensions that mirror that at no.4a to the terrace of houses, subject to satisfactory design and use of materials.
- A daylight study is required to demonstrate that the proposed roof extension will not harm amenity to no.150a in terms of loss of light
