Dear Sir / Madam,

In recent weeks work associated with application 2014/6478/P and other work being carried out further to the refurbishment of 5 Gloucester Crescent, NW1 7DS has been carried out on Saturdays, Sundays and Bank Holidays. My family and I live in the next door building and therefore have been disturbed by noise and early morning deliveries/collections during these times. Therefore I ask that any permission granted in respect of application 2015/2042/P is subject to restrictions whereby work can not be carried out on Saturdays, Sundays and Bank Holidays.

Yours faithfully,

J. Perry
