Address..... 4 PRINCESS ROAD NWL STJ

Email address..... 

Telephone num..... 

Planning application number..... 2015/1849/P

Planning application address..... 189 Princess Road.

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

See attached letter..
Within days of receiving this I have now been sent Planning Application 2015/2088/P for 3 Princess Road but for a different Planning officer. Surely both should be looked at together, by the same officer?

Please continue on extra sheets if you wish

Dear Mr Martin,

I wish to make a strong protest to the application to make alterations to 1 & 9 Princess Road.

These properties 1-9 are the oldest buildings in this road and are a unity; the proposed changes will have a significant impact on their integrity and appearance. This is supposed to be a Conservation area which makes these changes even less appropriate.

Their roofline is distinct, matching the houses in Regents Park Rd with which they form 2 sides of a square. To permit the gables will not only change the appearance but will be totally out of keeping with their current architectural integrity.

The gable over Kingston Street will take light from houses facing in Princess Road but will also darken Kingston Street, turning that into a narrow dark tunnel.
Additionally the pitch of the roof looks to me too shallow to be a realistic living space.

Relatively recently permission to allow a lesser change to the roof space of number 3 was refused Application 2012/3404/P; refused on 09/07/12.

If the roof space is habitable, then surely Camden as the Freeholder should be developing 5 single units in the top of 1-9, rather than letting someone else profit from the future sale of loft properties relatively cheap to create but as top floor penthouses or as 2 storey flats worth a small fortune on the open market in Primrose Hill.

That however, is a minor issue far less important than seeing these historical and architecturally valuable houses being visually demeaned.

I hope that you will take my concerns into account when deciding on this planning application.

Yours sincerely,

[redacted]
Mrs Lorna Fowler
