THE SCHEDULE

LOCAL PROCUREMENT CODE

1. INTRODUCTION

The use of local procurement agreements is a useful tool in helping the Council to improve economic prosperity and diversity in the local area which is a key aim of the Camden Community Strategy and the Local Development Framework (adopted November 2010). The sourcing of goods and services locally will also help to achieve a more sustainable pattern of land use and reduce the need to travel. The use of section 106 agreements/undertaking attached to the grant of planning permission will be used as a mechanism to secure appropriate levels of local procurement of goods and services.

A fuller explanation of the policy background and the justification for the use of local procurement agreements and when they will be required is contained with Sections 32 and 33 of the Camden Planning Guidance (adopted December 2006) which can be viewed on the Council's web site. This document is in line with the objectives of other organizations such as the London Development Agency and Government Office for London.

The purpose of this code is to maximise the opportunities available to Local Businesses in Camden from larger property developments taking place in Camden both during and after the construction phase. The local procurement code describes how the Owner in partnership with Camden Labour Market & Economy Service will ensure that Local Businesses benefit directly from the opportunities arising from both the Construction Phase of the Development and the end use of the Property.

The requirements of the local procurement code apply to the developer, main contractor and subcontractors appointed by them as well as tenants subsequently occupying the building. The code is designed to support developers and contractors in fulfilling their commitments to the planning agreements by clarifying what is required from the outset. Although the wording is emphatic, Camden Labour Market & Economy Service seeks to work in partnership with contractors to assist them in meeting specifications and in finding suitable local companies. They will provide a

regularly updated pre-screened directory of local companies in construction, fitting-out and furnishing trades in support of local procurement agreements.

2) **MAIN REQUIREMENTS OF THE CODE**

A) **CONSTRUCTION.**

We will request that the developers meet with London Borough of Camden's Labour Market & Economy Service's Local Procurement Team ("the Local Procurement Team") at least 1 month in advance of tendering contracts to clarify how the local procurement code will work and the co-operation required from the developer, main contractor and subcontractors.

The Council will seek to ensure that the developer inserts the following clauses in the tender documentation issued to the main contractor:

2.1 **Actions & Responsibilities of Main Contractor**

1. The main contractor will provide the Local Procurement Team with information on the estimated timing of their procurement programme and a schedule of works packages to be let ("the Procurement Schedule") and to provide updates of the Procurement Schedule as and when it is updated or revised.
2. The main contractor will work with the Local Procurement Team to: include local companies on their tender lists wherever possible and to aim to achieve the procurement of construction contracts and goods and services from companies and organisations based in Camden towards a target of 10% of the total value of the construction contract.
3. The main contractor is required to provide regular monitoring information to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of:
 - all local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package or items concerned;

- the outcome of all works packages tendered, where there is a local company on the tender list, stating whether the local company was unsuccessful, successful or declined to tender and the contract value in the case of a contract being awarded to a local company.
- All local wholesalers and building materials suppliers which are asked to provide prices and the value of any purchases of materials and other wholesaler supplies procured.

(The Local Procurement Team can provide a pro forma local procurement log to assist in the monitoring process)

- Full contact details of all subcontractors appointed (whether local or from elsewhere)
4. The main contractor should include a written statement in the tender documentation sent out to sub contractors informing them of their s106 requirement obligations as set out in section 2.2 below and ensure cooperation is agreed as a prerequisite to accepting sub contract tenders
 5. The main contractor should provide an opportunity for the Local Procurement Team to brief subcontractors on the requirements of the Local Procurement code.
 6. The main contractor will identify any actions that are required in order to overcome known barriers to Local Businesses to accessing their supply chain in respect of the Construction Phase.

2.2 Actions and Responsibilities of Sub-Contractors

1. All sub-contractors appointed will be required to work with the Local Procurement Team and to aim to achieve the procurement of construction goods and services from companies and organisations based in Camden towards a target of 10% of the total value of their construction sub-contract. (A regularly updated sub-directory of local suppliers will be supplied to subcontractors by the Local Procurement Team).

2. All subcontractors are required to provide regular monitoring information either to the main contractor or directly to the Local Procurement Team every six to eight weeks during the construction phase, via e-mail, phone, fax or liaison meeting providing details of :
- All local wholesalers and building materials suppliers which are asked to provide prices and the value of any subsequent purchases of materials and other wholesaler supplies procured.
 - All local companies which are sent a tender enquiry or a tender invitation detailing the date and the works package concerned and the outcome of all sub-contracts tendered.

B. POST CONSTRUCTION: FITTING OUT BY TENANTS AND FACILITIES MANAGEMENT

Fitting out by tenants

Where the tenants of a development are responsible for fitting out the building(s), we will require the developers to inform them that they also fall under the provisions of this s106 on local procurement and provide guidance in writing to their tenants setting out the above clauses contained in section 2 above, which will apply to them as the developer, their main contractor and subcontractors.

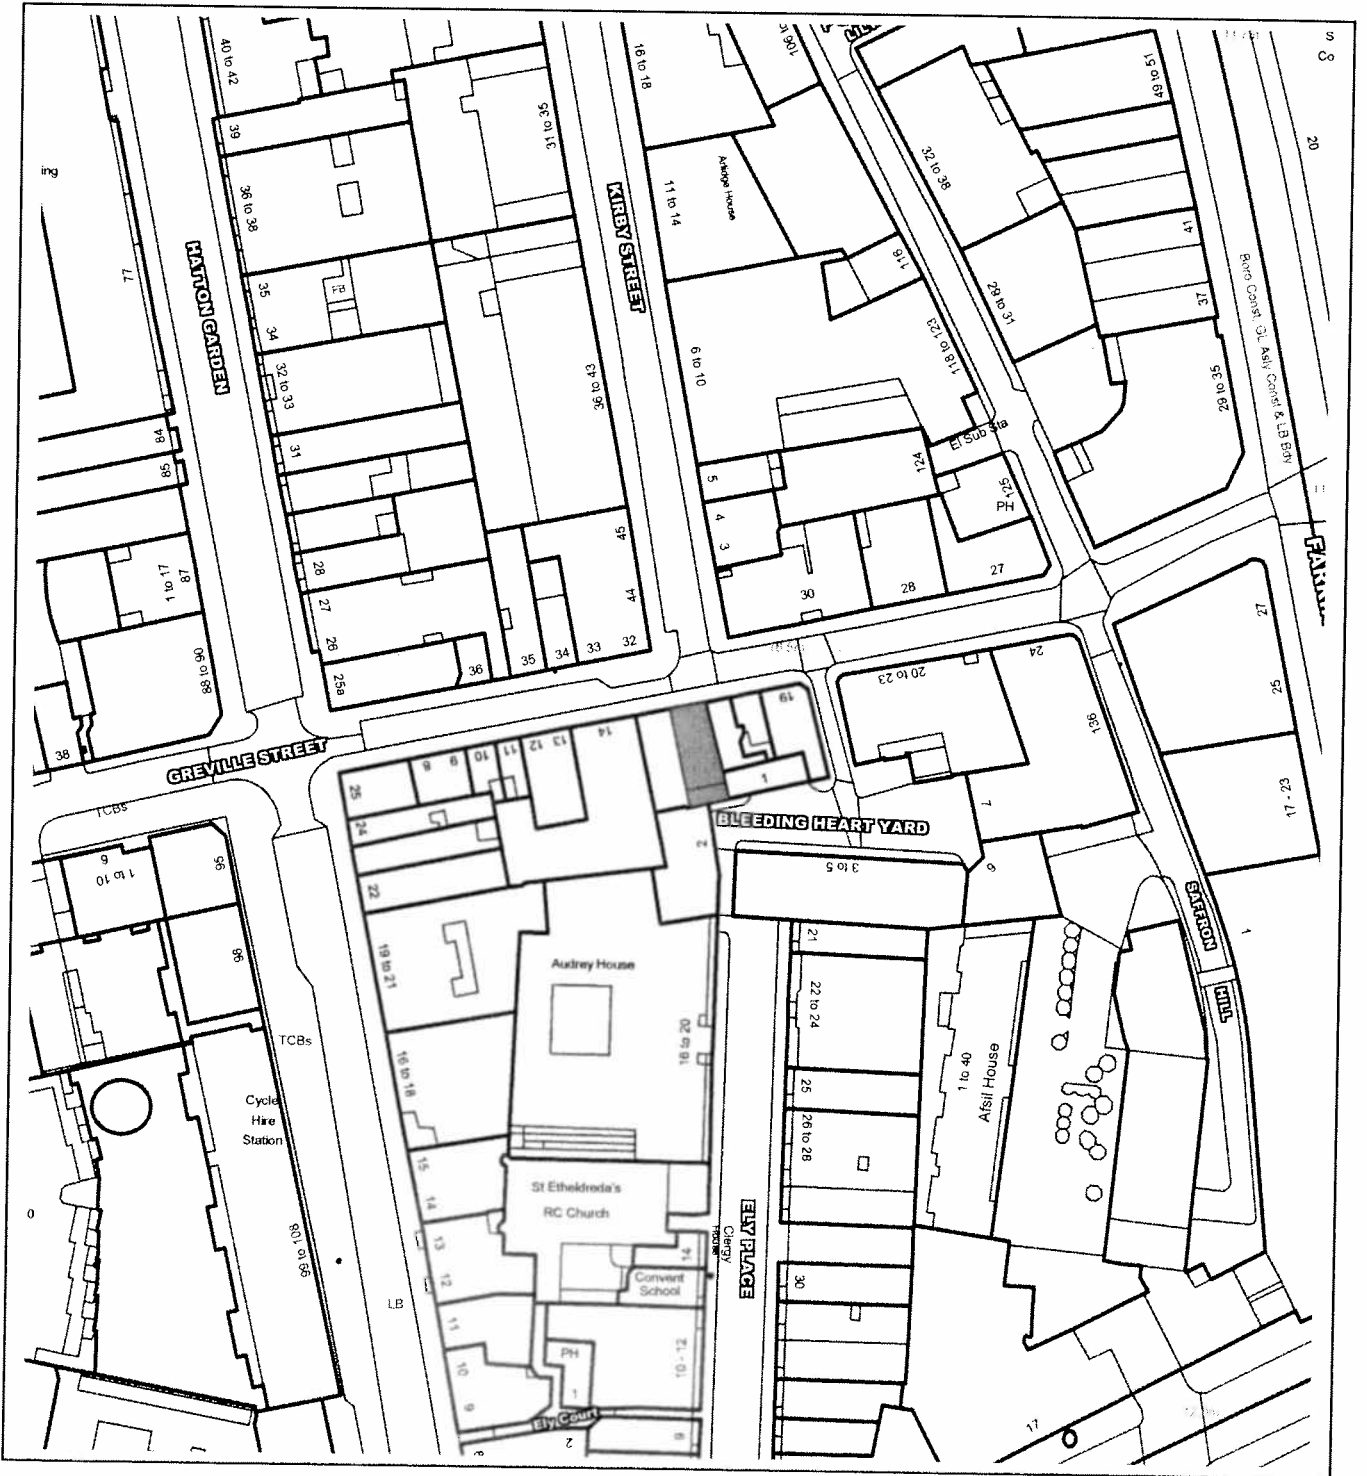

Facilities Management

The Owner and their agents shall use reasonable endeavours to provide opportunities for local businesses to bid/tender for the provision of facilities management services and other post construction supply of goods and services.

The Council will assist the developer, occupier and their contractors in identifying suitable local companies to bid for facilities management contracts and to source local goods and services.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 The Mayor of London introduced a Community Infrastructure Levy (CIL) to help pay for Crossrail on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay this CIL. It will be collected by Camden on behalf of the Mayor of London. Camden will be sending out liability notices setting out how much CIL will need to be paid if an affected planning application is implemented and who will be liable.

The proposed charge in Camden will be £50 per sqm on all uses except affordable housing, education, healthcare, and development by charities for their charitable purposes. You will be expected to advise us when planning permissions are implemented. Please use the forms at the link below to advise who will be paying the CIL and when the development is to commence. You can also access forms to allow you to provide us with more information which can be taken into account in your CIL calculation and to apply for relief from CIL.

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will then issue a CIL demand notice setting out what monies needs to paid when and how to pay. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or correspondence to CIL@Camden.gov.uk

- 4 With regard to condition no. you are advised to look at Camden Planning Guidance for further information and if necessary consult the Access Officer, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 5124) to ensure that the internal layout of the building is acceptable with regards to accessibility by future occupiers and their changing needs over time.

- 5 If a revision to the postal address becomes necessary as a result of this development, application under Part 2 of the London Building Acts (Amendment) Act 1939 should be made to the Camden Contact Centre on Tel: 020 7974 4444 or Environment Department (Street Naming & Numbering) Camden Town Hall, Argyle Street, WC1H 8EQ.
- 6 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, Sites Team, Camden Town Hall, Argyle Street, WC1H 8EQ.
- 7 Under Section 25 of the GLC (General Powers) Act 1983, the residential accommodation approved is not permitted for use as holiday lettings or any other form of temporary sleeping accommodation defined as being occupied by the same person(s) for a consecutive period of 90 nights or less. If any such use is intended, then a new planning application will be required which may not be approved.
- 8 You are reminded of the need to provide adequate space for internal and external storage for waste and recyclables. For further information contact Council's Environment Services (Waste) on 020 7974 6914/5 or see the website <http://www.camden.gov.uk/ccm/content/environment/waste-and-recycling/twocolumn/new-recycling-rubbish-and-reuse-guide.en>.
