Hi,

Please can you log this as an objection on TRIM. It supplements the comment already received from the Elsworthy Residents Association.

Thanks,  
Ian

Dear Ian

Welcome to Camden planning! I wonder if you have had time to visit the original garden suburb designed by William Willett (pre-dating Hampstead and Brentham etc) here in Elsworthy Road and Wadham Gardens. I helped Kathy Macewen (Camden Conservation Team) write the original Conservation statement in 1999. It is an uphill battle to conserve it never mind enhance the area. The proposal for no. 55 both enhances (Dutch gables restored) and detracts (loss of asymmetry due to size of extension). I would like to classify it as an objection because of the latter. Thank you for your phone call  
Kind regards  
Francoise

Dear Francoise,

We have received a comment from you regarding the planning application for the above property. The application is for: *Erection of a first and second storey extension including alterations to the roof and amendments to side entrance at ground floor level to enable installation of lift and stairwell following demolition of single storey eastern extension.*

Would like this to be interpreted as a comment or an objection?

Kind Regards,
