Drawing Nos: Site location plan; F0130 P1; F0100 P1; D0100 P1; D1200 P2; D0130 P3

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan; F0130 P1; F0100 P1; D0100 P1; D1200 P2; D0130 P3.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reason for granting permission

The proposed insertion of a doorway and associated canopy in the east elevation of the building is considered to be acceptable and would not harm the character or special interest of the Grade II Listed Building, the conservation area, the streetscene or the amenity of surrounding neighbours. It is essentially the same proposal as a previously approved scheme (ref: 2014/6695/P & 2014/6748/L).

The scheme has been slightly revised to introduce a redesigned doorway and canopy. The materials would be high quality, matching the appearance of those originally used in the building and the design is of an art-deco nature and is similar in style to an original doorway within the west elevation (fronting Kingsway).

The louvres and doorway would be installed within metal, non-original modern windows installed as part of this recent refurbishment of the building and therefore no harm will be caused to the original fabric of the building.

No objections have been received. The site's planning history has been taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building, its setting and any features of special architectural or historic interest which it possesses. Considerable importance and weight has been attached to any harm, and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development

also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2011; and paragraphs 14, 17, 56 -66 and 126-141 of the National Planning Policy Framework.
