FAO - Patrick Marfleet,

Patrick,

We have noted that you are the planning officer dealing with the above, hence this email.

Firstly, we are very disappointed that as neighbours of the property/proposals in question we were not consulted on this when the application was first submitted, and have now missed the deadline to object.

This property is already a complete nuisance to us and the other Northpoint Square residents, as it's rented to noisy and disrespectful Students by the present owner.

A further bedroom, which this planning application is clearly for, will only exacerbate the current problem.

Regularly we have to deal with loud music and conversations late at night from within the existing wooden structure in the property's back garden.

Was planning ever authorised for this as it's clearly not just a temporary structure, it's an additional bedroom to the property let out by the owner?

And more recently food scraps from a BBQ, have also sadly been thrown into our back garden from the same property.

We would accordingly like to strongly object to the further extension of 4 Lock Mews, and ask that our above concerns are tabled at the Council's Committee meeting to determine this.

Please can you acknowledge safe receipt of this email and also let us know the date when this particular application is due to be determined?

Thank you for your assistance on this and we look forward to hearing back from you.

Kind regards.
