The Council has considered your application and decided to **refuse** listed building consent for the following reasons:

## Reasons for Refusal

- 1 The proposed extension, by reason of inappropriate detailed design, would be

detrimental to the special architectural and historic interest of the grade II listed building, contrary to policy CS14 (Promoting high quality places and conserving our heritage) of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 (Securing high quality design) and DP25 (Conserving Camden's heritage) of the London Borough of Camden Local Development Framework Development Policies.

- 2 Insufficient information has been submitted to enable the Council to determine that the proposed windows and materials would not have an adverse impact on the character and appearance of the building and the wider area, contrary to policy CS14 ( promote high quality places) of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 (securing high quality design) and DP25 (conserving Camden's heritage) of the London Borough of Camden Local Development Framework Development Policies.

Informatives:

- 1 Without prejudice to any future application or appeal, the applicant is advised that reason for refusal 2 could be overcome by providing a further window plan which details all windows to be retained and replaced for a scheme that was in all other respects acceptable.
