Dear Sir/Madam

I received your notification for the proposed works to a Mimosa tree located in the rear garden of 78 Marquis Road, London NW1 9UB.

I must object to this application. As a next door neighbour, I would indeed be sad if this tree were felled. The Mimosa is very beautiful, with a long flowering period from February to April. We see the tree from our house and it is a delight. It must also be an asset for all those who look out at the tree from neighbouring houses.

I do hope the Mimosa can be saved.

Yours faithfully

Jane Duran
